Cardboard Boat Regatta

At MWR's Great Cardboard Boat Regatta, boats come in all shapes and sizes. Some float gracefully across the water like a swan, others sink like the Titanic! This year was no exception.

Young and old turned out to compete for top honors, while those watching from the safety of the shore were both amazed and entertained by some of the creations.

The original idea of the Cardboard Boat Regatta originated in 1974 when a professor at Southern Illinois University dreamed up a final examination for students in his freshman art and design class. Using the principle of "doing the most with the least," the professor felt it would be a real test of students' creativity and design skills to build human-sized boats made only of cardboard — and more than 25 years later, it is still happening.

Today, regattas are enjoyed by thousands of participants across the USA and around the world. The annual event held in GTMO brings the community together in family fun, community spirit, and creativity.

NEWS BRIEFS

Fleet Home Town News Program

The Fleet Home Town News Program provides the most effective and economical production and distribution of information about individual sea service members to their hometown news media.

Participation in the program by individual service members is strictly voluntary. However, your involvement is highly encouraged. While, you may not be interested in the "publicity," relatives and friends back home are certainly interested in what you have been doing. Success of the program depends on continuous, active support.

The stories released by the Fleet Home Town News Center (FHTNC), Norfolk, VA, are on a variety of subjects, ranging from reporting aboard a new duty station and awards to deployments and special operations. FHTN Release Forms can be obtained at the Public Affairs Office, Bldg. 760. Once filled out, return them to the PAO. The FHTNC must receive completed forms no later than 30 days after the event occurs, so prompt return is important.

Reef Raiders Independence Day Event

The Guantanamo Bay Reef Raiders Dive Association would like to announce it's Independence Day Celebration weekend cookout and diving festivities, to be held at Cable Beach on Saturday, July 5.

Diving begins at 9am and lasts throughout the day. Cooking begins around noon. Hamburgers, hot dogs, as well as covered dishes and sodas will be served — all free of charge. Unique "Reef Raiders" T-shirts and hats will also be sold.

Everyone is invited to come out and celebrate the independence of this wonderful country and the rich freedoms we enjoy today, because of the sacrifices made by the outstanding men and women of the Armed Forces of the United States of America.

If you have questions regarding this event, contact Michelle at 7109.

Brittle Honored for Dedication, Commitment

Following a Taekwondo demonstration held at W.T. Sampson Elementary School, Assistant Instructor Heather Brittle received recognition from Joint Task Force Guantanamo Bay. The JTF presented Brittle a Letter of Appreciation noting her hard work and dedication to GTMO's Taekwondo program.

The letter, signed by Maj. Gen. Geoffrey Miller and presented by Lt. Col. Churn, stated, "In appreciation for outstanding support of Soldiers, Sailors, Marines, Airmen and Coast Guardsmen performing duty with Joint Task Force Guantanamo, in support of Operation Enduring Freedom and the Global War on Terrorism. Instructor Brittle selflessly volunteered over 400 hours of personal time to provide mental and physical training through Taekwondo. She has motivated and inspired her JTF GTMO students to continue their search in the way of physical endurance, discipline and respect. Her outstanding efforts and dedication to the art of Taekwondo are a true inspiration."

Heather's commitment to Taekwondo is balanced with her dedication as a student at W.T. Sampson High School. Heather's father, PCC Matt Brittle, introduced her to Taekwondo at age 6 and has since been a major part of her training, motivation and inspiration.

After seven years of hard work, and

dedication to the art, Heather tested and became a Black Belt in Taekwondo at the age of 13.

"It means the world to me," said Heather. "It also means that I have completed the circle of a dream I have had for a very long time, and that I will be better able to serve my community, acting as a role model for others by teaching them the respect and confidence I have learned through the art." Today, she is doing just that.

Below, Heather wows the crowd by performing a four-way combination board breaking technique.

NAVSTA Galleys Welcome New Staff, Bid Farewell to Familiar Faces

You may see some new faces around the galleys and miss seeing a few others. With the award of a new full food service contract, which begins July 1, we must say good-bye to some friends of the Guantanamo Bay family and welcome some others.

Shirley Horne (Mom to most) the project manager for Atlantic Coast Contracting will be among those departing in July. Also leaving are six Mess Management Specialist who were temporarily assigned from the fleet for the last six months. They are returning to their permanent duty stations and will be sorely missed. We bid them a heartfelt farewell and thank them for a job well done.

Being welcomed into the Guantanamo Bay community from Pentad Corporation based out of Nevada, Texas and Colorado, are: Jun Serrano, Project Manager; Earl Schmurr, Asst. Project Manager; Al Schmurr, Procurement Agent; Andy Caldejon; Quick Hall Manager; Frank Aquilar, Leeward Galley Manager; Richard Walford, Asst. Manager; Dwight Benjamin, Seaside Galley Manager; Gil Peregrino, Asst. Manager; and James Larry, Asst Manager.

Pentad is excited to be taking over the food service in GTMO. They are looking forward to hearing everyone's input at the monthly Menu Review Boards, which will continue to be held on the second Friday of each month at 9am in the Quick Hall Galley. Come out and voice your likes, dislikes, comments and concerns about any of the Naval Station dining facilities. Comment cards will continue to be utilized, with 100 percent response when contact information is provided.

Also in July, we welcome the arrival of the new Naval Station Food Service Officer/ Contracting Officers Representative, CWO3 Kenneth Nall, from Athens, Ga. Nall is leaving his family behind in Athens to become part of ours. Let's make him feel welcome. He will also be available for any and all food service issues.

As you stop by for breakfast, lunch or dinner, at the Leeward, Quick Hall or Seaside Galley say good-bye to old friends and hello to new ones.

Shirley Horne

Jun Serrano

The above Mess Management Specialists were temporarily assigned to us from the fleet and are returning to their permanent duty stations: MSC(SW) Sharon Rodgers, Naval Support Activity Norfolk, Va.; MS1(SS) Andre Lee, Sr., NSB Kings Bay, Ga.; MS2(SW) Kevin Benjamin, Naval Air Station Brunswick, Maine; MS3 Jason Pope, NSA Norfolk/Northwest Annex; MS3 Naquita Davis, USS Dwight D. Eisenhower (CVN 69); MSSN Clarence Poe, USS Vicksburg (CG 69).

Navy MWR Announces New Discounted Travel Program

By Ingrid Mueller
Navy MWR Communications Group

Navy Morale, Welfare and Recreation (MWR) has established a partnership with the Government Armed Forces Travel Cooperative (GAFTC) to provide a wide range of discounted travel opportunities to active-duty and reserve personnel, military retirees, and Department of Defense employees and their family members.

"This program gives our authorized patrons access to significantly discounted travel opportunities," said Karen Fritz, program manager for Navy MWR's Information, Tickets and Travel (ITT) Section. "Using this program is also beneficial to Navy MWR because vendors pay a commission for every booking placed by Sailors. That money goes directly back into Navy MWR programs for Sailors and their families at the local base level."

The GAFTC Web site — govarm.com - allows users to shop for hotel rooms, airline tickets, car rentals, cruises, golf packages and travel insurance. The Web site features access to more than 50,000 hotels, hundreds of airlines, 24 car rental companies, all major cruise lines, 400 golf vacations and the leading travel insurance companies in the world.

Visitors to govarm.com can also access a "family friendly" travel guide, which identifies source hotels and resorts that specifically cater to families with infants, young children, teens and pets, by offering special vacation packages, accommodations and activities.

"In addition, govarm.com features extra vacation packages on a recurring basis that offer outstanding deals," said Fritz.

For additional information, please visit govarm.com or contact your local ITT Office.

And they're off!

A creative creation!

Tax Gouge

Submitted by
Navy Legal Assistance

Reduction in Tax Rates on Dividends and Capital Gains

The maximum tax rate on dividends paid by corporations to individuals and on individuals' capital gains is reduced to 15% in 2003 through 2008. For taxpayers in the 10% and 15% ordinary income tax rate brackets, the rate on dividends and capital gains is reduced to 5% in 2003 through 2007, and to zero in 2008. The new rates apply to capital gains realized on or after May 6, 2003, and to dividends received in 2003 and after. This provision reduces the double taxation of corporate earnings.

Increase in First-Year Bonus Depreciation

The additional first-year bonus depreciation deduction is increased from 30 percent to 50 percent for investments acquired and placed in service after May 5, 2003 and before January 1, 2005. Taxpayers may also continue to use 30 percent bonus depreciation for property acquired and placed in service before January 1, 2005.

Putting Leadership Resources at Sailors Fingertips

Writing a paper or need information for college, work, or pleasure? Need more material than you can find through Internet searches, or can't get to the local library? Try visiting Navy Knowledge Online and tapping into the Gale Expanded Academic ASAP, and Student Resource Center - College Edition.

Brought to NKO by the Naval General Library Program, the Gale resources are the result of a partnership between the library program and The Gale Group. The partnership provides Sailors access to full text resources including over 40,000 primary source documents and one of the most comprehensive collections of magazines and journals in virtually all subject areas. A member of the Thomson Corporation, Gale is a world leader in eResearch and educational publishing for libraries, schools, and businesses.

Also being featured on NKO, courtesy of the Naval General Library Program, is Peterson's, another Thomson Corporation, is dedicated to connecting individuals, educational institutions, and corporations through their numerous online products. Featured on NKO are sample CLEP and SAT tests and CLEP Study Guides. Other materials available include college and university, distance learning program, financial aid, test preparation, and career exploration materials.

The Naval General Library Program in this partnership with NKO is continuing its transformation into a brick and click organization providing research services to Sailors Afloat and Ashore that began in 1995 with Library Multimedia Resource Centers installed onboard ships and submarines.

Reserve Online Services Moving to NKO

By JO2 Mike Miller

Commander Naval Reserve Forces Public Affairs

Now more than ever, Internet access and computer savvy are necessary, even critical, for both Reserve and active-duty members in order to keep up with fast-changing Navy technology.

To assist members in gaining quick access to Navy information, the Commander Naval Reserve Forces Command (CNRFC) is moving all Reserve online services presently found at the Naval Reserve Knowledge Online (NRKO) portal, www.nrko.navy.mil, to the Navy Knowledge Online (NKO) portal www.nko.navy.mil, by October 2003. One centralized "portal," or Web site, will then serve both Naval Reserve and active-duty personnel to access several different links.

The initial portals selected for transitions to NKO include the Naval Reserve Order Writing System (NROWS), Navy and Marine Corps Intranet (NMCI), Knowledge Management (KM), Reserve Liaison Officer (RLO) and Mobilization (MOB). Together, these portals allow Reservists to assess and shepherd their careers online.

To access NKO, log on to www.nko.navy.mil and click on the "I'm a New User" button. From there, you will be asked to provide personal information that will be validated against Defense Enrollment Eligibility Reporting System (DEERS) to ensure consistency and user privacy.

The core services of NKO are accessed through the tool bar located on the left of the screen. In addition to buttons for Learning Centers, Training Support Centers, Naval Missions and Communities, an icon has been added for the Naval Reserve. Under this heading, Knowledge Centers, such as NROWS, KM, RLO, NMCI and MOB can be accessed.

"A certain degree of Internet literacy and access are now essential in the Naval Reserve. Not having Internet access today is like not having a telephone was in 1970," said Lt. Cmdr. Dale Drake, Commander Naval Reserve Forces Command Information Technology Systems Development program manager.

Asked whether he thought new Naval Reserve affiliates should be counseled in the importance of Internet literacy, Drake said yes, adding, "It's not just the Reserves; this is the main way information is exchanged in any business - in the military, as well."

Know Your Limits

By Paul Schoenfeld

Natural Resources Manager

The COMNAVBASEGTMOINST 1710.10H contains regulations governing recreational fishing including spearfishing and shellfishing. These regulations are designed to support a sustainable recreational fishery. There are limits on the kind of fish, the size of fish, the number of fish, and the fishing methods which are permitted. There are also closed seasons on certain species and other species are prohibited from taking year round. The 1710 also identifies areas which are off limits to recreational boating/fishing/diving. The following summarizes regulations for some of the more popular species but is not a substitute for the detail contained in the 1710:

Snook: Closed season May, June, and July;

Nassau Grouper: taking prohibited year round;

Goliath Grouper (Jewfish): taking prohibited year round;

Black & Gag Grouper: 20" minimum; 5 per person per day aggregate all species;

Grouper (All Others): 12" minimum; 5 per person per day aggregate all species;

Snapper (Lane & Mutton): Season closed May;

Snapper (Gray & Yellowtail): Season closed July;

Snapper (All Others): 10 per person per day aggregate all species;

Lobster: Lesser of 2 per person or 8 per vessel per day; minimum 3 1/4" carapace; No egg bearing females; must be landed alive; no spear fishing; Closed Season 1 Feb - 1 Jul in Manatee Zone (Leeward Point - Caracoles Point from shoreline extending out 150 yards);

King Mackerel: 2 per person per day; minimum 20" Fork Length;

Queen (Pink) Conch: NEW REQUIREMENT - Season closed March, April and May. During open season - Minimum 9" long OR Minimum 1/8" lip thickness measured at the thinnest part; one per person per day.

People fishing, spearfishing, or shellfishing are responsible for knowing the regulations and obeying them. As with all Federal and State regulations, ignorance of the law is no excuse. The same is true at GTMO. When fishing, it is the angler's responsibility to release an unauthorized catch. When spearfishing it is the person's responsibility to positively identify the target as a legal fish before taking the shot; if the target cannot be positively identified as a legal fish then the shot shall not be taken. It is the boater's and diver's responsibility to ensure they are in authorized areas. All this information is available in the 1710. The 1710 is posted at the Dive Shop, the Reef Raiders Dive Club, the MWR Marina, and other MWR recreational facilities. The 1710 is also available on-line at the GTMO Home Page.

Recreational use of the natural resources found at GTMO is a privilege, not a right. This privilege can be lost through abuse and disregard for regulations that ensure the natural resources are available for all Base personnel and for future generations. If you see or know of a violation, report it to Security/HP at 4105 or on VHS Channel 73. Turn in poachers, they are stealing from you! Security/HP will respond to these reports and take appropriate action.

Environmental Reminders

- ✓ **Gray and Yellowtail Snapper season closed in July**
- ✓ **Lobster season closed in Manatee Zone**
- ✓ **Snook season closed May, June , and July**

Flight Travel & Your Pets Information from the Vet Clinic

- ◆ All pets must be issued a health certificate for travel by a licensed veterinarian within 10 days of travel
- ◆ All vaccinations must be current and the documentation must be carried with you
- ◆ Pets must travel in an airline approved carrier that is big enough for the animal to stand-up, sit-down and turn around comfortably
- ◆ Dogs and cats are the only authorized animals

AMC Airlines

- ◆ Your pet must be on your PCS orders to travel with you and you must accompany it on the flight
- ◆ There are three pet spaces available per flight departing from Puerto Rico and landing in Norfolk.

1. The reservations are determined as follows: 1 pet charge, 70 pounds; 2 pets charged, 100 pounds; 3 pets charged, 150 pounds (these weights include the carrier). This means that if one 150 pound animal is on the flight, that animal takes all three spaces.

2. Two animals of the same breed with a combined weight of no more than 70 pounds, including the carrier, may travel together if carrier space specifications are met

- ◆ It is strongly recommended that you reserve pet spaces 2 to 3 months in advance or as soon as you get your orders.
- ◆ Any fees must be paid in cash at the front counter of the Terminal. (\$41 per pet to Jacksonville; \$63 per pet to Norfolk)

Lynx

- ◆ The owner must fly with the pet (or designate someone else) to clear it through customs
- ◆ Animals under 20 pounds can be put in the cargo hold or be carried on if the carrier fits under the seat (\$50 one-way to Ft. Lauderdale)
- ◆ Animals over 20 pounds will be put in the cargo hold (\$100 one-way to Ft. Lauderdale)
- ◆ Flights leave GTMO Monday, Wednesday and Thursday
- ◆ Pet spaces should be booked with your flight reservation

Tropical Aviation

- ◆ The owner must fly with the pet (or designate someone else) to clear it through customs
- ◆ Small animals that fit under the seat may be carried on
- ◆ Pet spaces are on a space-available basis
- ◆ Prices: Small Cage \$125; Medium Cage \$175; Large Cage \$250
- ◆ Flights leave from GTMO Tuesdays and Fridays for Ft. Lauderdale
